.....
Torquay High Tide Festival. will be happening on the 3, 4 and 5 December. One major event that occurs over this momentous weekend is the annual community parade. The Torquay Men's Shed members are putting out a challenge to everyone to create a float for the parade. The group were highly motivated by last

year and are looking for people to get creative and build their own float to compete. "We are busy planning the float and are looking for people or groups to try and match what we have done," said Tim Robinson, member of the Torquay Men's Shed. In October there will be a meeting in order to start preparations for the parade. You will also begin designing and creating your float. We are encouraging each of you to be fun and creative when building your float reflecting the theme 'Hidden Depths: past, present and possibilities'.

There are forms available for you to register for the parade on the High Tide Festival website:
www.hightidefestival.com.au
